

Proven Excellence in Senior Living

Save 7-10% on your procurement costs!

Direct Supply® DSSI™ delivers supply chain eBusiness solutions built on years of experience in the Senior Living profession. With DSSI, you can experience web-based spend management, procurement and transaction clearing services that are customized for you. Our eBusiness system enables complete procurement automation and gives you the tools to optimize your profitability and efficiency.

Benefits of DSSI:

- Increase compliance savings by 3% with enhanced controls and spend analytics
- Get the prices you've agreed to with contract price matching and eliminate the average error rate of 14%
- Eliminate the costs associated with manual invoicing and paper processing through procurement and transaction automation
- No software or hardware to install – network is web-based
- Customized product catalogs and formularies
