Rely on Direct Supply® Attendant® products.

Why choose Attendant products?

- **Simplified design for Senior Living**
  Our unique focus on Senior Living helps us understand how our Attendant products will be used in your community, and allows us to purposefully eliminate any unnecessarily complex features from the design. Intuitive interfaces, clearer readouts and no complicated training make things easier for you and your staff.

- **Senior Living reliability and accuracy**
  Rely on the accuracy and consistent performance of Attendant products over time. Rest assured that these products will help you provide the superior quality of care your residents deserve.

- **Priced for Senior Living affordability**
  Attendant products include the features you need – without the costly extras – to help ease the burden on your budget. With Attendant products, you’ll never have to compromise on quality, safety or usability – you can have it all, for less.

Attendant products are available exclusively from Direct Supply – call 1-800-634-7328 to order today!
