Teak frames provide long-lasting durability.

what's so special about teak?

Jodi Endl Senior Product Consultant

"Teak is a very hard, densely grained wood that is naturally resistant to moisture, rotting, splintering and other pressures of the elements. That's why it's so great for the outdoors! With its durable construction and polished finish, teak furniture is a beautiful option that will last."

“

I would absolutely recommend Direct Supply’s quick-ship program. Initially, I was skeptical we could find furniture in the program that would not look and feel institutional; however, there were some wonderful choices available, and **we were able to achieve the high-end look we wanted.**

Plus, every time a shipment was made, our client liaison would call to inform me of the shipment and then check back in with me to ensure everything had arrived without damage.

CREATING AN INVITING DESTINATION WITH QUICK-SHIP FURNISHINGS

Set in Marietta, Georgia, Sterling Estates wanted to transform an unused storage room into an engaging space for residents. The catch? It needed to be done in 70 days – in time for their open house. With fresh finishes and quick-ship furniture, Direct Supply transformed the room into a destination residents use every day.
