Wireless Nurse Call, SIMPLIFIED

✅ **Reliable System**
Inovonics-based solution backed by comprehensive service and support to keep systems running optimally and your staff and residents safe.

✅ **Advanced Reporting Dashboard**
The PalPortal dashboard gives operators valuable insights to staff efficiency, resident care needs, response time metrics and more to make more informed decisions at a building or corporate level.

✅ **Nurse Call on the Go**
PalCare's mobile app can help improve response times compared to standard pagers while enabling better communication and ADL capture tied to emergency alerts.

✅ **TELS Integrated**
Maintain your nurse call system health through the TELS mobile app to save costs and lower operating expenses.

PAL CARE®
Expert Solutions. Exceptional Outcomes. Improving Senior Care.

DIRECT SUPPLY®

The Technology Behind PalCare's
EMERGENCY CALL SYSTEMS

PAL·CARE
Expert Solutions. Exceptional Outcomes. Improving Senior Care.

Solid State Server
Powerful processing in a small footprint

Integrated System Capabilities
Combine alerts and notifications from other building systems, including dashboard reporting and mobile apps for basic hardwired nurse call systems

Inovonics Backbone
Easily upgrade software while keeping existing hardware

Advanced Location
Exceptional pendant location on campuses of all sizes

Situational Awareness
Understanding of temperatures, door status and more

Senior Living Experts
Trust our team of 20+ partners, including project managers, engineers, technology designers and more, to help you through the technology process.

Innovation & Technology Center
With a focus on AI, machine vision and IoT, we'll help you navigate the future of Senior Living technology.

Nationwide Reach, Local Flair
Rely on our experience completing projects nationwide as well as our strong local ties across the U.S.

Comprehensive Support
From planning and procurement to installation and ongoing support, depend on our outrageous customer service every step of the way.
