DESIGN, CONSTRUCTION & RENOVATION

FOODSERVICE DESIGN

FOODSERVICE DESIGN SIMPLIFIED

- Trust us to revamp foodservice spaces, from front-of-house foodservice amenities to back-of-house kitchens
- Create efficiencies and build dining experiences that improve safety and marketability

WHY DIRECT SUPPLY?

- Operational horsepower to fulfill design, procurement and installation needs
- Project manager to keep project on schedule and budget
- Experienced foodservice designers deliver state-of-the-art solutions

BOOST OPERATIONAL EFFICIENCY AND MARKETABILITY

Kickoff & Scoping

- Meet your Direct Supply project team
- Discuss the scope and budget

Design Proposal

- Design consultant provides vision for project
- Receive design agreement outlining process and deliverables

Site Visit, If Applicable

- Field technician walks your building, takes dimensions and verifies utilities

Design Presentation

- Review final foodservice design plan before implementation
- Ability to revise the design, if needed

Delivery & Installation

- Licensed professionals will ensure proper installation
- Equipment warranty package

DESIGN, CONSTRUCTION & RENOVATION

OPERATIONAL STARTUP EQUIPMENT

PREPARE FOR OPENING DAY

- Ensure your building can open on time with everything you need for operations
- Trust us for all operational startup supplies, including rehabilitation, clinical, foodservice and housekeeping

WHY DIRECT SUPPLY?

- Comprehensive list of operational products so you don't forget anything
- Provide us with the bed count and care setting, and we'll provide budget estimates
- Multiple brands in all categories, giving you cost-saving options

GET EVERYTHING YOU NEED TO OPEN YOUR BUILDING

Kickoff & Scoping

- You provide care settings and number of beds
- We'll consult on types of supplies required and timelines

Procurement

- Sign a comprehensive project proposal that provides one-stop purchasing, billing and support

Design, Construction & Renovation

- We'll review the startup list to ensure accuracy and completeness
- We also review lead times to ensure operational efficiency

Fulfillment

- Track all orders online at **DirectSupply.net** or via your dedicated account manager
- One call or email for outrageous customer service

DESIGN, CONSTRUCTION & RENOVATION

INSTALLATION MANAGEMENT

SIMPLIFIED DELIVERY & INSTALLATION

- Options so you have the right level of delivery services for every project
- One dedicated partner on your project from start to finish
- Pre-installation preparation

WHY DIRECT SUPPLY?

- Nationwide delivery and installation
- Multiple quotes reviewed to ensure lowest price
- 1,200+ installs managed every year
- 15 dedicated on-site installation managers who specialize in Senior Living projects

GAIN DELIVERY & INSTALLATION PEACE OF MIND

Consolidated Warehousing

- Receive, inspect and organize your shipments at local warehouse
- Receive one consolidated delivery

Assembly & Installation

- Our professional team will assemble and install your equipment

Air Purification Technology

- Fight pathogens, particles and odors with cutting-edge air purification technology
- Needlepoint Bipolar Ionization™ technology floods the air with positive and negative ions to improve air quality, including inactivating pathogens such as SARS-CoV-2
- Safe for Senior Living and certified by UL 867 and UL 2998 to be ozone-free

^Source: Safely-You.com

Aggregated data from facilities prior to and after implementing the SafelyYou solution during a 32-week period in 2019-2020. Individual and community results will vary based on a variety of factors.

Xiong GL, Bayen E, Nickels S, et al. Real-time video detection of falls in dementia care facility and reduced emergency care. Am J Manag Care. 2019;25(7):314-315.

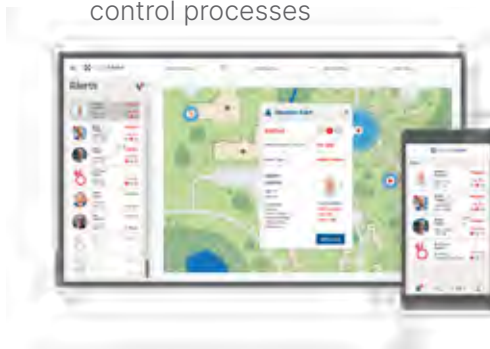

Falls Prevention Solution

- SafelyYou is an AI-enabled camera system that detects falls of individuals with dementia in real time
- Up to 40% fewer falls and up to 80% reduction in fall-related ER visits[^]

Real-Time Location System

- First cost-effective, passive real-time location system for Senior Living
- Improves contact tracing, ADL tracking, security and infection control processes

Thermal Temperature Scanners

- Early, noninvasive detection of residents and staff with fevers
- Tablet-style kiosks*
