

Optimize Your CapEx Budget for Renovation Projects with an Interiors Assessment

Get expert recommendations for your CapEx planning – **virtually!** Backed by 35 years of Senior Living experience and the latest market data, we'll help you maximize your dollars for unparalleled return on investment.

By working with us early in the planning process, you gain a team of experts who understand your overall strategy. Our partnership allows you to leverage our comprehensive services to move quickly on upcoming projects – offering superior speed to market.

With our Interiors Assessment offering, you get:

- Enhanced project scope development
- Superior project budget development
- Expedited CapEx and investment planning process
- Project budget, design concept and timeline to share with investment partners
- Increased speed to market once project execution commences
- Best-in-market ROI
- Full support to increase your staff's return on investment

Find the Right Solution for Your Property

Interiors

Ready to update your interiors? Complete a self-guided virtual walk-through with help from Aptura, and we'll provide expert recommendations to maximize your spending.

You'll receive:

- With Virtual Option: Setup Instructions, Self-Guided Site Walk Documentation and Camera
- Review of Self-Guided Site Walk Documentation by Aptura
- Project Scope and Photo Report
- FF&E Estimate, Organized by Space
- Virtual Presentation of Deliverables and Recommendations

Interiors + Construction

In addition to interior design recommendations, our construction management team will recommend how to best spend your construction dollars.

Includes all features at left, plus:

- FF&E and Construction Budgets for Interior Renovation Work, Organized by Space
- Estimate of Construction Schedule

Add-Ons

Customize your Interiors Assessment with these additional services to meet the needs of your unique project.

Customize your project with:

- In-Person Site Walk by Aptura Team Member(s)
- Interior Design Concept Statement
- Space Planning and Detailed FF&E Budget
- Market Intelligence and Competitive Renovation Strategy
- Free TELS® Indoor Air Quality Consultation
